

How does **ERP integration contribute to supply chain transformation** in the packaging industry?

Supply chain **efficiency and optimization** for a leading Brazilian packaging company

With over 60 years in the printing and packaging industry, **Box Print serves their customers with flexible solutions** to meet their unique needs. Box Print operates in a number of different industries, which include cosmetics, pharmaceuticals, footwear, beverages, and food. With a commitment to ensuring their activities leave a lasting positive impact on society. Box Print is focused on better serving their customers by digitally transforming their supply chain operations.

Through Ariba Network, Box Print **collaborates with their customers using SAP Ariba Supply Chain Collaboration** for buyers, to manage their orders more effectively.

With ERP integration on Ariba Network, Box Print **streamlined their processes** for order management, allowing the business to:

- Collaborate with their customers in a single platform
- Centralize orders, automate document handling processes, and create efficiencies by integrating their ERP system with Ariba Network
- Reduce the risk of errors associated with manual data entry
- Improve-responsiveness to customers, with order confirmations sent within hours, not days
- Improve-consistency of data and information between internal systems and their customers', leading to fewer mistakes
- Expand their business using Ariba Network integrations

“Ariba Network implementation **creates innovation and sustainability** for both our customers and Box Print. Innovation in production process **provides greater visibility** and reduces production parts. Sustainability provides **production intelligence to reduce raw material costs, energy and improved logistics**. We are proud to experience this momentum with our customers.”
